THIS IS ANOTHER ONE

The President's Policy Very
Ablly Defended.

SENATOR VILAS HEARD FROM.

The Wisconsin Senator Replies to Mr. Gorman—For Two Hours He Held the Floor, Amid the Wrapped Attention of the Senate and Galleries—A Dull Day in the House.

WASHINGTON, July 27.—Senator Vilas of Wisconsin, who was secretary of the interior and later postmaster general during Mr. Cleveland's first administration, replied at great length to Senator Gorman's attack upon the president. For two hours he held the floor, amid the wrapped attention of the senate and galleries, delivering his scathing rebuke of the Maryland senator. He denounced Mr. Gorman's assault as wanton, reckless and unjustifiable, and though he declared that Mr. Cleveland needed no defense at his hands, he took up serially all the charges made by Mr. Gorman, and met them with masterly skill and logic. He made his statement, he said, in the interest of the truth of history.

Mr. Gorman was not in the senate at the time, and to this fact the Wisconsin senator called attention with regret. In conclusion he eulogized the personal character and personal integrity of Mr. Cleveland in the most glowing terms, declaring, with dramatic fervor, that the president of the United States, who had received so many evidences of the honor and respect of the American people, could not suffer from this unjustifiable attack of the Maryland senator.

At the conclusion of his speech, Mr. Vilas explained that, in view of the fact that Messrs. Gorman, Brice and Smith had assured him that his motion to recede from the one-eighth differential in favor of the refiners of sugar, must fail and the further fact that a Democratic caucus had decided to agree to a further conference without instructions, he would withdraw the motion. After some general remarks by Mr. Stewart against the interference of the executive with the legislative branch of the government, Mr. Hill's motion that the senate recede from its amendments placing a duty of 40 cents a ton on coal and iron ore were voted upon and defeated, the Republicans, except Mr. Hansbrough of North Dakota, joining with the Democrats, bound by the caucus agreement, against it. The vote stood 6 to 65, and 6 to 64.

Mr. Irby of South Carolina was the only other Democrat, except Mr. Hill, who voted for free coal and iron. The Populists, Allen, Kyle and Peffer also voted in the affirmative. Mr. Washburn (Rep., Me.) renewed Mr. Vilas' motion to instruct the conference to recede from the one-eighth differential on refined sugar, but Mr. Gray immediately made the point of order against it that it was not competent for the senate to instruct in a "full and free" conference. The point of order was debated for some time, but had not been decided when the senate adjourned.

There is no doubt, however, that it will be sustained and this motion ruled out. The general impression is that the bill will go back to the conference.

In the House.

WASHINGTON, July 27.—The day's proceedings in the house were dull in the extreme and one by one the members left their desks until by 3:30 there were not half a hundred members in the chamber. The conference report on the fortifications appropriation bill was agreed to. The day had been assigned to the committee on interstate and foreign commerce and some 20 or 30 bills reported from this committee were passed.

Among the bills passed were the following: To establish a lighthouse at the entrance to Galveston harbor, Texas, at a cost of \$35,000; making Oakland, Cal., a port of entry; amending the act for the construction of a bridge across the St. Louis river between Minnesota and Wisconsin; to bridge the Osage river in Missouri and the Missouri river near DeWitt, Mo., and to authorize the St. Louis, Avoncelles and Southwestern Railway company to bridge Bayou Des Glaisses and Atchafalaya river in Louisiana.

At 4:52 p. m. the house adjourned.

TREASURY STATEMENT.

The Gold Reserve Receives Another Severe Blow.

WASHINGTON, July 27.—The gold reserve yesterday received another severe blow by the engagement at New York of \$2,000,000 for export next Saturday. This leaves the true reserve \$58,345,725, or \$3,054,570 lower than the lowest point reached prior to the February bond issue. Against this reserve there were outstanding on July 1, \$946,681, 016 in United States notes and \$152,584,417 in United States treasury notes of 1890, making and aggregate of nearly \$500,000,000 in paper currency redeemable in gold.

The exportations of gold since the February bond issue aggregate about \$78,350,000, while the importations amount to about \$11,350,000, making the net loss of gold during the last six months about \$67,000,000. So far this month the treasury receipts amount to \$32,700,000 and the expenditures \$28,170,000, leaving a net gain of \$4,530,000. Pension payments up to this time amount to \$13,054,000.

ANTIGO, Wis., July 27.—A fire which started in the livery barn owned by Timothy O'Donnell, yesterday afternoon destroyed about a dozen business houses and residences.

SPRAYING FRUIT TREES.

The Agricultural Department Publishes an Interesting Report.

WASHINGTON, July 27.—The division of vegetable pathology of the department of agriculture has published an interesting report on the effect of spraying with fungicides on the growth of nursery stock. The report was prepared by B. T. Galloway, the chief of the division, and embodies the result of three years' work in the treatment of nursery stock for the prevention of fungous diseases. The work was conducted at a nursery at Mulliken, Md., and during the three years there has been treated more than 1,000,000 pear, plum, cherry and apple trees. Spraying, the report says, is looked upon by the owners of the nursery as a necessity, and of equal importance to cultivation and fertilization of the soil. The report summarizes as follows the more important points brought out by the experiment:

The treatment had comparatively little effect on the apples; that is, the untreated trees were from the beginning to the end of the experiment, practically as good as the treated. The most striking results of the work were seen in the case of the pears, cherries, plums, apples in the order named.

Bordeaux mixture in every instance have the best results materially increasing the growth of the pears and cherries and never in any case injuring the foliage in the slightest. There was no appreciable difference as regards growth between stocks treated early and those treated late. In other words, withholding the application of the fungicide 10 to 15 days in the spring did not materially affect the result so far as growth was concerned.

The treatments did not seem to produce any marked effect on stocks so far as regards as rendering them more easily budded. These results may, in a measure, be accounted for, however, by the fact that the leaf blight diseases were not so severe during the early part of the season of 1891 as usual. The cost of treating nursery stock with Bordeaux mixture need not exceed 25 cents per 1,000 trees the first season. The second year the cost of the work will also be 25 cents, while the third year the cost will be increased to 35 or 40 cents per 1,000, making the total cost of treating trees until the buds are two years old from 85 cents to \$1 per 1,000.

The net profit resulting from the work in case of the pears and cherries ranged from \$1 to \$40 per 1,000 trees, the average being \$13 per 1,000. In conclusion, the statement is made that as a whole the experiments clearly show that spraying nursery stock with fungicides is thoroughly practicable; that it results in better trees in every way; and finally, that it yields a handsome profit.

KILLED AN AGED COUPLE.

Wallace Burt, a Halfbreed Indian, Hanged at Doylestown, Pa.

DOYLESTOWN, July 27.—Wallace Burt was hanged in the county jail here Thursday.

The crime for which Wallace Burt, the halfbreed Indian, was hanged in the corridor of the Bucks county jail, was the murder of Mr. and Mrs. Samuel L. Rightly. Mr. Rightly was 53 and his wife 50. They lived near the village of Richboro, Bucks county, and were found murdered in bed at their home Sept. 24, 1893, the bed on which the bodies lay being set on fire. There was apparently no traces of the criminal. Finally a piece of tobacco was found outside the window of the Rightlys' house, similar to the brand used by Wallace Burt, a halfbreed Indian, whom a neighbor remembered had worked for the Rightlys about a week before the murder. Burt disappeared, but was found in a swamp some distance from the scene of the murder. A trial begun Jan. 15 resulted in the discharge of the jury after its members had been locked up nearly a week.

A second trial was begun on March 21, but during its progress Burt made a confession, and the proceedings were quickly terminated by a verdict of guilty of murder in the first degree. On the Thursday following Burt was sentenced to be hung. After hearing his death sentence, the murderer assumed a demeanor of indifference. He stood by his confession, but related none of the circumstances of the crime. He expressed his readiness to suffer the penalty of the law, and said he made his peace with his Maker.

Corbett Coming Back.

QUEENSTOWN, July 27.—James Corbett, the pugilist, sailed for New York yesterday on board the White Star line steamer Majestic. Before leaving he said that he was returning to the United States sooner than he expected in order to meet Peter Jackson and arrange a match with him before the latter started for England. He said that he would not be prepared to fight Jackson for six months. This would be his last fight, and he intended to be in perfect condition when the battle took place.

Three Trainmen Injured.

PITTSBURG, July 27.—By the spreading of the rails in the yards of the Edgar Thomson Steel Works company, at Braddock, an engine and eight cars, belonging to the Carnegie company, were badly wrecked and three trainmen were seriously injured, one of them, Fireman Charles McCauley, was hurt internally and will die. The two others, Engineer John McCauley and Brakeman John McMuinn, were severely scalded, but will recover. The damage to property was about \$20,000.

LONDON, July 27.—A dispatch to The Times from Iquique, Chili, says advice from Peru are that the insurgents in the north have gained a number of small successes.

HOSTILITIES BEGUN.

War Declared Between China and Japan.

THE KING OF COREA SEIZED.

He Is Held as a Prisoner—Eleven Chinese Steamers on Their Way to Corea—Coolies Armed With Bows and Arrows—Chinese Steamers Sank—Latest From the Seat of War.

NEW YORK, July 27.—The Herald's London dispatch says:

The Central News has this dispatch from Shanghai:

War has been declared between Japan and China.

The Japanese have seized the King of Corea and hold him prisoner.

Eleven Chinese steamers are on their way to Corea.

Most of the troops aboard them are coolies, armed with bows and arrows.

Some Chinese steamers which have arrived at Corea have been prevented by the Japanese from landing troops.

It is reported that the Japanese artillery sank several of them.

AT THE WHITE HOUSE.

Speaker Crisp Calls on the President and Secures His Views on the Tariff Bill.

WASHINGTON, July 27.—Speaker Crisp was at the White House yesterday, and his visit to the president caused a renewal of the comment as to the interest of the administration in supporting the tariff position of the house. Mr. Crisp declined to say anything concerning the conference, or to even intimate whether the tariff deadlock between the houses was a subject for discussion.

Representatives Kilgore of Texas and Bynum of Indiana, the latter a member of the ways and means committee, also saw the president yesterday. Mr. Kilgore is endeavoring to stem the tide in the house, which has set in for the last two days toward a concession to most, if not all, that the senate asked. He thinks that the house will yet win the struggle, and so told the president.

To his callers, the president expressed the same determination shown in the letter to Chairman Wilson. It was evident to them that he was very fixed in his view of the justice of the contention he had presented, and that there was no disposition to waver from it except through such mutual compromises as would give the house at least a good share of the concessions.

NO LEGAL EXISTENCE.

Many Incorporations Which Fail to Comply With the Law.

COLUMBUS, O., July 27.—Secretary of State Taylor is preparing a circular to be sent out to incorporated companies calling attention to a decision of the supreme court that the mere issuing by the secretary of state of articles of incorporation does not complete the act of incorporation. The secretary of state must be furnished with a certificate that the full amount of capital stock has been subscribed, and that 10 per cent of it has been paid in. Very few companies have done this, and under the supreme court decision they have no legal existence.

Destructive Forest Fires.

PRENTICE, Wis., July 27.—Homesteaders are flocking into this town in large numbers from the vicinity of Worcester and report that not one has been able to save a dollar's worth of property from the forest fires which are raging in every direction. Unless rain falls within 12 hours this part of Price county will see nothing but charred timber. The town of Clifford, 12 miles from here, on the Soo railroad, is almost certain to be wiped out. Bridges on the railroad are burned for miles in every direction and trains are suspended.

Trouble All Settled.

GUTHRIE, O. T., July 27.—Governor Renfrow left the city again yesterday, leaving Secretary Lowe acting governor. Lowe at once wired the war department, requesting that the soldiers be withdrawn from Enid and Pond Creek, as they were no longer needed. The territorial administration has prevailed upon the railroad company to erect depots, so the trouble can practically be said to be ended.

Ex-Strikers Let Out.

BLOOMINGTON, Ill., July 27.—The Chicago and Alton people are letting their old trainmen go in large numbers on account of the part which the men took in the strike. It is believed that every man who was at all prominent in the strike will seek work elsewhere. Some have been discharged who took no part whatever in the strike, but did not report for duty as usual.

Three People Injured.

SIOUX CITY, Ia., July 27.—A fire originating in the New Lerch block yesterday destroyed property valued at \$40,000, on which there is an insurance of \$23,000. Max Hilgois and Emil Ingerson, firemen, were blown across Fifth street and badly injured by an explosion of gas, and Ed Harris, a spectator, was knocked insensible by a live electric wire.

The Egyptians moved great masses of stone without the aid of machines. Large blocks were drawn up inclined planes of earth or stone. Sometimes 500 men were required to draw one block into its proper position.

WESTERN GOVERNMENT LANDS.

Three Bills Which, If They Become Laws, Will Settle Many Disputes.

WASHINGTON, July 27.—Three bills which passed the house Wednesday are destined, if they become laws, to do much toward settling the many disputes over titles to western government lands. Most important of them is the measure introduced by Mr. Hartman of Montana for examination of the lands within the land grants and indemnity limits of the Northern Pacific railroad in the state of Montana and Idaho and the classification of them with regard to their mineral character.

Under the act of 1864 the Northern Pacific was given alternate sections for 20 miles on each side of its tracks through the territories, so that in the states of Montana and Idaho it gained the ownership of half the land in a strip of 40 miles through them. Mineral lands, except coal and iron, were excepted, as were the sections pre-empted by settlers, but in their place the companies were allowed to select areas of land of not more than 10 miles beyond the limits of the original grant.

Ever since the settlement of the country was begun there have been multiplying complaints because of the discoveries of great deposits of gold, silver, copper and lead along the line of the road which extends 780 miles in Montana and 90 miles in Idaho. By a recent decision of the supreme court the principle was established that the exception of mineral lands applies to all time, so that whenever minerals are found on granted lands in the future the Northern Pacific loses its title to them.

It has always been the contention of the railroad that all lands not known to contain minerals at the time the grants were conveyed to it, and that subsequent mineral discoveries did not affect its claim, so that the supreme court opinion changed the status of affairs and put at rest innumerable local controversies. The grant conveyed to the Northern Pacific 17,838,000 acres in Montana and 1,900,500 in Idaho, but no lands have yet been patented to the company in either state, although selections covering 4,458,808 acres have been made.

The adjustment of them necessarily involves the question of the character of the lands and this can only be determined by such a survey as the act contemplates. The land office reports that at least one-third of the lands in the railroad belt are mineral. A large part of the land already surveyed is agricultural, and in the ground remaining to be covered mining claims and patents are to be taken as prima facie evidence that the lands are mineral.

Of the other two measures referred to, one by Delegate Smith of Arizona is to ratify the titles of settlers who made bona fide homestead or pre-emption, or desert land entries and settlement, and whose homesteads afterward proved to be within railroad land grants. In such cases the railroad companies are to be repaid by an equal amount of land from the government. The other is a bill by Representative Hall of Minnesota to settle the titles of settlers who entered lands under the timber and stone act, but whose entries, although not yet cancelled, have been held invalid because of a technicality, the lands having "been offered at public sale according to law" contrary to the provisions of the act, which only embraced unreserved and unoffered lands.

The bill applies to the states of California, Oregon, Nevada and Washington. The timber and stone law has been in force for 15 years, and during the time many entries have been held to be invalid and since cancelled, so that some of the tracts have been entered upon by later comers. In deference to the rights of later settlers these entries which have once been annulled are not made good by the measure.

Muscovites in Cleveland.

CLEVELAND, July 27.—Clarence T. Campbell of London, Ont., the grand sire of the Odd Fellows, visited the Cleveland members of the order yesterday under escort of Canton Victoria, Patriarchs Militant of St. Thomas, Ont. In the morning the guests were escorted about the city and in the afternoon there were speaking and exhibition drills by the Patriarchs on the campus of Adelbert college. In the evening Kremlin Moscow, Imperial Order of Muscovites of Cincinnati, introduced their branch of the order in northern Ohio by initiating 50 candidates, after which there was a banquet at the American House.

Death of General Pleasanton.

PHILADELPHIA, July 27.—General Augustus J. Pleasanton died here yesterday afternoon after a lingering illness of pneumonia. He was born in Washington 86 years ago and graduated from the United States military academy in 1825. He enlisted in the Pennsylvania militia, and at the outbreak of the civil war, was made commander of the home guard of Philadelphia. General Pleasanton was the originator of the theory that the sun's rays when passed through blue glass were particularly stimulating, not only to vegetation, but to the health and growth of animals.

All on Account of Drink.

WILKESBARRE, Pa., July 27.—At Duryea, a mining village, yesterday afternoon, John Rokoski, a miner, came home drunk and on his wife remonstrating with him, he became crazy with anger and shot her through the head. The woman will die. He then turned the revolver on himself and fired two bullets into his head. They did not penetrate the skull, and he will recover.

NEW YORK, July 27.—The anthracite coal agents yesterday resolved to hold July prices through August, and restrict the mine output for August to 40 per cent of capacity, or 2,500 tons.

RACE WAR IN INDIANA

Fight Between Whites and Blacks in Green County.

FULL DETAILS UNOBTAINABLE.

Telegraphic Wires Cut, but It Is Known That at Least One Miner Was Killed and Several Other People Seriously Wounded—Pay Day Has Its Results. More Trouble Looked For.

INDIANAPOLIS, July 27.—The telegraph and telephone wires have been cut in Green county, and the full details of a fight between whites and blacks employed in the mines of the Island City Coal company at Linton have not been received. A report from Sullivan says at least one miner was killed and several wounded.

Alfred M. Ogde, president of the company was at Island City last night when the trouble began. He left there last night and gives the following story of the affair:

"Yesterday was pay day, and a colored and a white miner, employed in the same mine got into trouble. The colored man was set upon by a mob and severely beaten. After this a party of toughs went to Island City, two miles distant, where about 30 colored men were employed with an equal number of white men, and made two attacks upon them. The attacking party then returned to Linton and claimed that a number of persons had been hurt. The report caused considerable excitement. The mob broke open two stores and threatened to exterminate the blacks in that part of the country. About midnight they again went to Island City about 150 stronger, and armed with shotguns and revolvers, tried to carry out the threat. What they accomplished, I do not know."

Mr. Ogde does not think any one was killed, but says a number of people were injured.

STANFORD UNIVERSITY.

It Has Abundance of Funds to Maintain Itself Indefinitely.

SAN FRANCISCO, July 27.—President David Starr Jordan of Stanford university says the institution will open on Sept. 3 with 1,100 students. He states that the university has an abundance of funds to maintain 1,000 or more students and 80 professors indefinitely.

"It is in no way connected with or relying upon the Southern Pacific railway, therefore, its resources are its own. The settlement of the estate," said President Jordan, "is going along well and we will open the year in excellent condition. There was a report recently that we would probably not open for lack of money. This is a mistake. The entire outlook is promising."

DOES WAR EXIST?

Bloody Conflicts May Have Occurred in Corea.

SHANGHAI, July 27.—A telegram was received yesterday evening from a high authority at Tien Tsin, reporting that the prospects for the continuing of peace were more favorable. Later in the day, however, news was received that war between China and Japan had been declared. There have also been rumors that several Chinese warships are in trouble.

The information received here is meagre, and the exact status of affairs in Corea can not be learned. Telegraphic communication from Corea is interrupted.

California Triple Tragedy.

LOS ANGELES, July 27.—Two people instantly killed and one fatally wounded was the wholesale murder record made by Jo Craig, an ex-police officer. Craig was drunk at the time. His victims were his divorced wife, George Hunter, his brother-in-law, and William Hunter, his father-in-law. Mrs. Craig and her father were instantly killed, and George Hunter fatally wounded. Craig then made an unsuccessful attempt to suicide. He was arrested. He claims that his wife and her family have frequently threatened his life and that his shooting anticipated the fulfillment of this threat. As a police officer Craig had the reputation of being very quarrelsome and aggressive.

Narrow Escape From Death.

LOS ANGELES, July 27.—Mrs. Truxton Benie, daughter of the late James G. Blaine, had a narrow escape from death at Santa Monica Beach yesterday. Mrs. Beale, her husband and a party of friends went to the North Beach bathing house, where they indulged in bathing in the big plunge. Three or four were in the water when Mrs. Beale ventured beyond her depth and went under. Roy Jones, the proprietor, was attracted by her cries and plunged in and soon fished the lady out and thus saved her life, she having gone down a third time.

Strike Almost Ended.

SAN FRANCISCO, July 27.—That the railroad strike in northern California is believed to be nearing the end is shown in the fact that preparations are being made to retire the state militia from the field. Company H, First United States infantry, arrived at Oakland and was assigned to duty at the Oakland Mole yesterday. At Sacramento a large force of militia and regulars are still maintained. Troops are also held at Dunsmuir and Red Bluff, on the Oregon branch.

To Succeed Himself.

RALEIGH, July 27.—Hon. W. H. Brown of the Eighth congressional district has been nominated to succeed himself.

Partly cloudy weather, probably local rains; increasing southwest winds.

DENs wants everybody to quit riding in Pullman coaches. This last appeal will meet with as little response as the others he has made.

The Republicans of North Dakota, Kansas and California have all declared for free coinage of silver, which moves the Courier-Journal to remark that "as to silver, the Republican party is standing first on one leg then on t'other, and uncertain which leg to hop with."

The House of Representatives has passed the Tucker joint resolution providing for an amendment to the Constitution by which Senators are to be elected by the people. It stands little show, however, of getting through the Senate. The insolent and arrogant millionaires of that body know they would never be sent back if they had to go before the people for election.

In response to the very flattering call made some days ago, 'Squire M. D. Farrow has announced himself as a candidate for Justice in the Eighth Magisterial district. He has filled the position several years, and is among the county's most faithful public servants. 'Squire Farrow is a Democrat of the old school, and is held in high esteem for his sterling worth.

"GREAT STRIKES AND HIGH TARIFFS GO TOGETHER."

The Baltimore Sun shows that the cause of the great discontent and frequent strikes of American labor for the past thirty years can be traced to no other cause but our disastrous protective tariffs. The Sun adduces from the mercantile statistics of the country the vast number of business failures, and it points out with unanswerable argument the inseparable connection between these failures and the distress, dissatisfaction and revolt of labor. It says:

If the constant stimulation of high tariff rates could, as their advocates claimed, have given business larger profits and labor larger pay, the last twenty years must have witnessed a steady decline in the number alike of business failures and labor strikes. Instead of that, both have gone on increasing together. From 1873 to 1882, inclusive, ten years, 74,978 failures are recorded in this country. That was unprecedented. But in the eight years from 1883 to 1892 the more appalling total of 82,000 failures was registered.

Their number rose to very nearly 11,000 in 1890, the year of McKinley's climax tariff. The next year, protection having touched the high water mark of all our history, the list of insolvents touched high water mark, too, and 12,273 failures were the melancholy product of the last and greatest effort to tax the country into prosperity. And this tale of disaster was overtopped again in 1893, after two full years of the highest tariff ever enacted by a grand total of 15,560 failures, representing liabilities of \$462,000,000.

This showing confirms the views of other leading journals that the cause of the recent great strike was to be traced to "protection." Surely partisanship may well pause and yield to patriotism in the light of these historical facts. Labor cannot be satisfied where business is paralyzed. Congress may now well take to heart the closing words of the Sun:

"Manufacturers tied up to a home market that is not equal to the output, and agriculture forced to sell its products in the cheapest and buy its supplies in the dearest market, must both be relieved. Larger markets, freer trade and a fairer chance for all is the demand of the hour."

Specimen Cases.

S. H. Clifford, New Cassel, Wis., was troubled with neuralgia and rheumatism, his stomach was disordered, his liver was affected to an alarming degree, appetite fell away, and he was terribly reduced in flesh and strength. Three bottles of Electric Bitters cured him.

Edward Shepherd, Harrisburg, Ill., had a running sore on his leg of eight years' standing. Used three bottles of Electric Bitters and seven boxes of Bucklen's Arnica Salve, and his leg is sound and well. John Speaker, Catawba, O., had five fever sores on his leg, doctors said he was incurable. One bottle of Electric Bitters and one box Bucklen's Arnica Salve cured him entirely. Sold by J. James Wood.

CHOCTAW.

A delightful rain Saturday; everything refreshed.

Wm. H. Ginn has returned from Lexington, improved in health.

A large crowd from our neighborhood attended County Court at Flemingsburg.

Miss Jessie Huffman and sister were the guests of Alice McDaniel the past week.

W. F. McDaniel and wife, of Flemingsburg, were the guests of Mrs. Ike Wilt, Saturday and Sunday.

The farmers in our neighborhood are all through threshing, and are now busy supplying the market.

R. T. Sisson was badly hurt by having a pitchfork stuck in his right leg. It is an ugly wound, but not serious.

Miss Sadie Hickey, a charming young lady of Maysville, was the guest of Miss Katie Hickey and sister the past week.

Sedden and Garrett Worthington were badly crippled Friday while storing wheat in William Sisson's barn, by the falling of some heavy timbers.

Rumored that the Mine Lick road is soon to be converted into a pike. It is badly needed and will be quite an improvement to our neighborhood.

James Ginn and sister, Miss Betta, accompanied by Miss Lullie Lukins, were the guests of Mrs. H. Garrison, of Flemingsburg, Saturday and Sunday, and had a delightful time and pleasant trip.

The new school house will not be erected in E. Cliff's woods. It will be located in the beautiful lawn at R. T. Galtner's on the Blue Lick road, where there is a magnificent view and splendid location.

Forty-eight attended the Sunday school Sunday. Best of order prevailed. Services by M. B. Adams, pastor of the Baptist Church of Lewisburg. Services the coming Sunday, commencing at 3 p. m. All are invited to attend.

TAKE a delightful two-hours ride up and down the beautiful Ohio this evening on the neat little steamer Laurance. Only ten cents. Leaves her float at foot of Limestone street at 7 o'clock. Music by Aberdeen orchestra. How can you spend a few hours more pleasantly this hot weather?

Miss BESSIE P. JOHNSON has opened an office in Cox Building, room No. 3, the office of Mr. G. W. Blatterman, Superintendent of Schools, where she is prepared to do general typewriting and conduct classes in stenography. Any work intrusted to her will be attended to with promptness and care.

A CALL ON MR. J. J. PERRINE.

We, the undersigned, citizens of the Third Magisterial district, feeling the importance of having a good and well qualified man to fill the position of Magistrate, unanimously call on J. J. Perrine to make the race, knowing him to be eminently qualified to fill that position:

Madison Female Institute!

Boarding and day School for young Ladies. Thirty-sixth year opens in September, 1894. College and Preparatory courses. Building commodious; hot and cold baths and closets; recreation rooms are above ground—large, well ventilated. Grounds consisting of fourteen acres, affording ample space for tennis courts and other out-door amusements; commanding location on a hill overlooking the city, within a minute's walk of the business portion.

In September, 1894, this school opens under the management of Mrs. A. R. Bourne and Miss Alice Lloyd, Associate Principals, late of Hamilton College, Lexington, Ky. They will be supported by an able corps of teachers. The school will be limited to thirty boarders, thus an opportunity for social life will be afforded, impossible in large boarding schools. For catalogue and other information address

MRS. A. R. BOURNE, MISS ALICE LLOYD, Associate Principals, M. F. L. Richmond, Ky.

LEXINGTON, KY., May 20, 1894.

It gives me pleasure to say that I am well acquainted with the character and the work of Mrs. A. R. Bourne and Miss Alice Lloyd and that I think the Madison Female Institute very fortunate in securing their services in its management. They are both ladies of culture, executive ability and skill in the art of teaching. No parents in Kentucky or elsewhere need hesitate to put daughters under their care and instruction.

J. W. McGARVEY.

LEXINGTON, KY., June 15, 1894.

To Whom it May Concern: Having learned that my friends, Mrs. Anna R. Bourne and Miss Alice Lloyd, have engaged to take charge of Madison Female Institute, it gives me pleasure to say that they are in my opinion in every way qualified for the responsible position. These ladies have had fine opportunities of learning the best methods of teaching in some of the most celebrated seminaries in the land. This, combined with rare ability and some ten or twelve years' experience in the school room, gives assurance of success in their undertaking.

Mrs. Bourne and Miss Lloyd as Associate Principals, will be aided by a corps of able teachers; and from my knowledge of their ability, energy and christian culture, I am sure they will do good service in the cause of Christian education. In this expectation I commend them and their enterprise to the patronage of the public.

ROBT. GRAHAM, President College of the Bible.

Death of a Former Citizen.

Mr. John O'Maley, a former citizen of Maysville, died July 11th at Lexington, Mo., aged sixty-eight years. One of the Lexington papers says: "The circumstances attending the death of Mr. O'Maley are particularly sad. Just two weeks prior to his death as he was returning from a visit to a neighbor, a savage dog seized him by the calf of the leg and had to be choked off before he would release his grip. It was from the effects of this vicious wound that he died and a thousand such curs are not worth one such human life. Mr. O'Maley had lived here twenty-six years and was highly respected and esteemed. He was the father of eleven children, all of them grown, and nine of whom with their mother still survive him. By fruitful economy and hard labor he had accumulated quite a competency. His birthplace was County Gaulway, Ireland; Maysville, Ky., being his first home in America where he married and where most of his children were born."

Mr. O'Maley's wife was a Miss O'Neil, a sister of Mrs. Thomas Lynch, of Vine street.

HE DOWNED 'EM ALL.

Paynter Won the Appellate Fight On the First Ballot.

The Anti-Goebel Crowd From Kenton Settled the Contest in Short Order.

Congressman Paynter is the Democratic nominee for Appellate Judge.

The Ninth district Representative downed all his opponents in the fight at Augusta and won the nomination in short order after the convention perfected a permanent organization.

On Wednesday evening when the Committee on Credentials voted to seat the Appellate delegation from Harrison County, it looked very much like the field had Mr. Paynter defeated. One of Mr. Paynter's most active workers, on learning of the action of the committee remarked, "Well, that nominates Goebel."

But the anti-Goebel crowd from Kenton, who had voted against Paynter all along in the temporary organization, soon caught on to the fact that if Paynter lost the Harrison County vote, they (the anti-Goebelites) were practically not in it.

When the convention reassembled at 10 o'clock Thursday morning, Mr. Paynter's friends secured an adjournment until 1 o'clock. On reassembling at one, they moved to postpone the report of the Committee on Credentials three-quarters of an hour. This was adopted, and Hon. C. M. Clay a candidate for Governor, on invitation, addressed the convention.

At the close of Mr. Clay's speech, the committee just named reported in favor of seating the Appellate delegation from Harrison.

The Paynter crowd with the assistance of the anti-Goebelites succeeded in referring the report back to the committee.

The committee reversed itself on the Harrison County contest and when it again reported it was in favor of seating the Paynter delegation.

The report was adopted, the anti-Goebelites voting with Mr. Paynter's friends. This practically settled the contest.

The permanent organization was then effected by the election of ex-Representative Moore of Cynthiana, for Chairman, and C. B. Willis, of Brooksville, for Secretary. David Poyntz, of Grant, and the editors and reporters present were made assistant Secretaries.

It was about 6 p. m. when the permanent organization was completed. The Paynter crowd had been forcing the fighting, and it took them only a few minutes to finish the business.

On the first ballot Mr. Paynter got the Ninth Congressional district solid, and also 8 12-42 votes (the anti-Goebelites) from Kenton. He also received a fraction over five of the Goebel vote from Kenton. His nomination, however, was assured without this. Colonel Washington received the vote of Campbell, Boone and Grant, and Appellate the seven votes of his home county.

On motion of Pendleton County Mr. Paynter's nomination was made unanimous and the convention adjourned.

Parties who heard Mr. Paynter's speech accepting the nomination say it was the best they ever heard from him.

A large number of delegates from the interior counties spent last night in this city. At the Central, there came near being serious trouble among the warring factions from Harrison. A Paynter delegate got into a dispute with an Appellate delegate. He finally struck him, and then stepped back and made a move for his pistol-pocket. Friends interfered, however, and put a stop to the trouble.

MRS. JOS. F. BRODERICK.

A Devout Christian Woman Passes Away at Kahoka, Missouri.

A telegram received Thursday from Kahoka, Mo., brought the sad news of the death of Mrs. Jos. F. Broderick, a native and for the greater portion of her life a citizen of this city.

A large circle of friends of the family in this city and county will be deeply pained to learn of the death of this devoted christian woman.

She leaves a husband and daughter who are greatly bereaved.

No particulars, other than that the burial will be in the Maysville Cemetery.

The remains arrived here on the 10 o'clock train this morning, and the funeral occurred at 11 o'clock at the First Presbyterian Church.

Deceased was a sister of Mr. H. H. Cox, of East Second street.

On the Diamond.

A picked nine from the East End will play the Flemingsburgs some day next week probably.

The Regulars will go up the latter part of next week probably and try the Ashlands on their home grounds two games.

The Regulars have secured an additional pitcher in the person of Sparks, of Moores Hill, Ind., and will also give Nigh, Ludlow's crack catcher, a trial. Mr. Sparks arrived last night.

The "All-Professionals," of Cincinnati, will probably be here next Monday and Tuesday to cross bats with the Regulars. The "All-Professional" team is composed of players from the Southern League that recently disbanded.

The people of Ashland were so elated over the victories their team won here in Maysville this week that they got out the band, burned a lot of red fire, giving the boys a royal reception on their return home. The team was banquetted at the Hotel Ventura Wednesday evening. Speeches were made by the Mayor, Hon. John F. Hager and others. Well, Ashland has a good team and we like to see people show their appreciation of their home club.

MR. GEORGE TAYLOR wants it understood that he is a candidate for Magistrate in his district from now until the close of the polls on election day; subject to nothing but the will of the majority of voters as expressed on that day. He has been something of a wheel-horse in politics in his time, he flatters himself, and now all he asks is a little preferment.

THE medical properties of nutmegs are very appreciable in the treatment of diarrhoea, which frequently yields to the administration of a small quantity in milk. Nutmegs will also give great relief in insomnia, when opium takes no effect and chloral is inadvisable. It may also be given in delirium tremens without fear, and exercises a very calming influence.

THE Cincinnati Enquirer says that the hardest thing for the audience to let go was the clever singing and dancing by Loring & Leslie. Miss Leslie (Miss Alice Hasson) also proved herself to be a serio comic of the highest order. These people will be supported by ten others just as strong in their line of business. They open Monday evening at Washington Opera House. The advance sale commences at Nelson's to-morrow morning. Prices are only 10, 20 and 30 cents.

THE Flemingsburg Times-Democrat tells of the very peculiar manner in which an infant met death: "A very sad accident happened near here last Saturday morning. John Hedrick and wife arose in the morning, left their eight-months-old babe in bed; and after the mother had busied herself about breakfast for awhile she went back to take the little fellow up and found him dead. He had slipped down to the foot of the bed, feet first, and down through between the foot-board and bed rail, catching his chin on the rail and strangled to death. It was their only child."

THE Chesapeake and Ohio statement for the month of June shows gross earnings, \$698,320.95; decrease, \$143,260.55; net earnings, \$237,677.92; increase, \$35,737.50. For the company's fiscal year, ending June 30 last, the showing is gross earnings, \$9,044,108.41; decrease, \$1,305,656.65; net earnings, \$3,016,980.50; decrease, \$185,953.29. The showing made by the C. and O. for the year is a remarkable good one when it is remembered that during the year the coal mines along the lines have been closed twice, owing to the strike of the miners, and the road also lost considerable revenue during the late strike of railroad employees.

PAT CLEARY, who was known from Pittsburg to New Orleans a quarter of a century ago, having been a steamboat clerk, was full of Irish wit and humor. He used to tell of a rejoinder he made to an applicant for passage on his boat in the early days of the oil excitement. Pat said a man full of bluster and self-importance came aboard on one of the boat's trips and delivered himself something after this fashion: "Look here, Mr. Clerk, I must have a stateroom on this 'ere boat; I've been prospecting for oil out here, and am tired and sleepy." Pat, in a very pompous manner, and with all the dignity he could assume, replied, "I'll give you to understand, sir, we've got men on this boat who've struck oil and haven't got staterooms."

Chronic Diseases and Diseases of the Eye and Ear
A SPECIALTY.
Consultation and Examination Free.

DR. APPLEMAN is undoubtedly the most successful practitioner in his special work of Chronic Diseases in this country or Europe, embracing every form of blood or nervous ailments, wasting disease from whatever cause, diseases of the digestive organs, Catarrh, Throat and Lung affections, Scrofula and Kidney Troubles, diseases peculiar to women, special ailments of men, young or old, diseases of the EYE and EAR, and all surgical diseases. DR. APPLEMAN'S system and methods bring him in contact with his patients once every month, thus enabling invalids to see him and to have the benefit of his vast experience at their own door, so to speak, not alone saving them the expense of a trip upon the cars to a great city, but the excitement, apprehension, worry and fatigue incident to such an undertaking as well, which alone deter thousands from having the attention of first-class medical men, with the pitiable result that many die, who might, with skilled attention, be saved to their friends.

FEMALE DISEASES positively cured by our never failing method. A home treatment entirely harmless and easily applied. Consultation free and strictly confidential.

DR. APPLEMAN after years of experience has perfected the most infallible method of curing vital drain in Urine, Nocturnal losses, Impaired Memory, Weak Back, Melancholy, Want of Energy, Premature decline of the Manly Powers, if consulted before idleness, insanity, falling off, or total impotency results. These terrible disorders arising from ruinous practices of youth, blighting the most radiant hopes, unfitting patient for business, study, society or marriage, annually sweeping to an untimely grave thousands of young men of brilliant intellect and exalted talent.

MARRIAGE. Married persons or young men contemplating marriage, aware of physical weakness, loss of procreative powers, impotency or any other disqualifications, speedily restored.

FREE EXAMINATION OF THE URINE—Each person applying for Medical Treatment should send or bring an ounce of their urine, which will receive a careful Chemical and Microscopic examination.

WONDERFUL CURES perfected in old cases which have been neglected or unskillfully treated. No experiments or failures.

CARNOT DIED POOR.

An Income of Barely a Thousand Dollars For His Family.

PARIS, July 27.—The executors of the estate of the late President Carnot have made an official report of their final inventory, and the official statement is the subject of universal comment about the boulevards and in political circles. It had generally been supposed that the murdered president was well endowed with this world's goods, but the opposite proves to be the case. Although his salary as president of the republic had been regarded not only as ample for all emergencies but also to leave a fair balance for savings or investment, it transpires that he not only lived up every dollar of his official income, but also drew upon the returns from some small holdings of real estate in order to maintain what he regarded as the dignity of his position.

The balance to his account in bank on the day of his assassination was less than 40,000 francs, or in the neighborhood of \$5,000, not more than sufficient, based on the current expenditures of the Elysee for the past year, to provide for the requirements of the executive mansion for a couple of weeks. In the face of these disclosures the self-sacrifice of M. Carnot in absolutely refusing a pension of \$5,000 a year, suggested by the cabinet council, is being universally commented upon. The widow of the murdered president took possession of the apartments engaged for her on the Rue St. Honoré, and which she will occupy until the flat leased at 14 Avenue de Alma by the late president, in anticipation of his retirement at the end of his term has been decorated and furnished.

It is estimated that the real estate of the late president will yield a revenue of \$1,000 yearly. Outside of this the widow has nothing to depend on until the death of her mother, M. Dupont-White, and who has an income of \$10,000 per annum. This, at her death, according to French law, will be equally divided between M. Carnot and her sister, M. Carnot. The committee of members of the senate and chamber of deputies will wait upon the widow of the murdered president early in the coming week, and will urge a reconsideration of her refusal to accept the pension proffered by the cabinet council.

Prominent Man Gone.

ST. PETERSBURG, July 27.—Private letters from Siberia announce the sudden death at Barnaul of the well-known Russian author and publicist, Nikolai M. Yadrinsk, who was for many years owner and editor of The Eastern Review, and who was regarded as one of the best informed men in the world, with regard to the history, archaeology, anthropology of Asiatic Russia.

Illicit Distillery Seized.

NEW YORK, July 27.—Internal revenue officers have seized an alleged illicit distillery at 400 and 402 East Sixty-third street. The business ostensibly conducted was the manufacture of yeast and vinegar, and was owned by a company calling itself the New York Compressed Yeast company. The capacity of the still was 1,500 gallons a day.

Voted to Continue the Strike.

OAKLAND, Cal., July 27.—The local lodge of American Railway union held a meeting at which between 500 and 600 members were present. By an almost unanimous vote it was decided to continue the strike, at least until the Southern Pacific managers should signify a willingness to take the men back in a body.

Indicted For Riot.

CENTRALIA, Ill., July 27.—The 79 striking miners from Duquoin, who were captured from the mob which filled the Big Four mine and destroyed its machinery in this city May 24, were yesterday indicted by the grand jury of this county for riot.

Resisted Arrest.

BRUSSELS, July 27.—An anarchist hotelkeeper named Baseleur was arrested yesterday in Ghent by two policemen. He drew a dagger, stabbed one of them and tried to stab the other, but was disarmed before he could succeed. The injured policeman is dying.

Not by Troops.

NORTH ENID, O. T., July 27.—Captain J. O. Mackay, in command of the troops guarding the property of the Rock Island railroad, near here, has issued a card in answer to the charges made by the mayor and citizens of South Enid. He denies the allegations wired to the secretary of war, stating that the arrests were made by the United States marshals and not by the troops.

Hot Nebraska Wind.

OMAHA, July 27.—An unprecedentedly hot wind blew over Nebraska from the south, doing irreparable damage to corn. The wind felt as though it came from a furnace. It blasted corn as effectually as a prairie fire. At noon the thermometer registered 102 in the shade.

All Occurred at a Picnic.

COLLEGE POINT, L. I., July 27.—A picnic of the Endeavor Social club of New York, yesterday, developed into a general fight with the High Plug association of Elizabeth, N. J., in which one man was so badly beaten he will probably die. Two members of the Endeavor club, a man and a woman, were drowned later in the day by the upsetting of a boat.

We authorize our advertised druggist to sell Dr. King's New Discovery for consumption, coughs and colds, upon this condition. If you are afflicted with a cough, cold or any lung, throat or chest trouble, and will use this remedy as directed, giving it a fair trial, and experience no benefit, you may return the bottle and have your money refunded. We could not make this offer did we not know that Dr. King's New Discovery could be relied on. It never disappoints. Trial bottles free at J. J. Wood's drug store. Large size 50c, and \$1.

MR. AND MRS. A. C. SPYER have conveyed about thirteen acres of land near the fair grounds to the Maysville Brick Company for \$600.

KNOWLEDGE

Brings comfort and improvement and tends to personal enjoyment when rightly used. The many, who live better than others and enjoy life more, with less expenditure, by more promptly adapting the world's best products to the needs of physical being, will attest the value to health of the pure liquid laxative principles embraced in the remedy, Syrup of Figs.

Its excellence is due to its presenting in the form most acceptable and pleasant to the taste, the refreshing and truly beneficial properties of a perfect laxative; effectually cleansing the system, dispelling colds, headaches and fevers and permanently curing constipation. It has given satisfaction to millions and met with the approval of the medical profession, because it acts on the Kidneys, Liver and Bowels without weakening them and it is perfectly free from every objectionable substance.

Syrup of Figs is for sale by all druggists in 50c and \$1 bottles, but it is manufactured by the California Fig Syrup Co. only, whose name is printed on every package, also the name, Syrup of Figs, and being well informed, you will not accept any substitute if offered.

Ruggles' Camp Meeting

The time for holding the meeting on these well-improved and beautiful grounds will be from August 2nd to 16th, 1894.

Eminent clergymen will be present—men of learning and popular talent. Among these will be Rev. Joseph H. Berry, D. D., Editor of The Epworth Herald, Chicago, and Rev. David W. Clark, A. M., of Union Church, Covington, Ky., and Ministers of the Covington and Ashland Districts. Revs. G. R. Frenger and H. J. Ramey, Presiding Elders, will have charge of the services. All Ministers of the District are expected to be present. The Children's Chapel will be in charge of Rev. Amos Boring. Professor W. G. Bloom will have charge of the music, assisted by a splendid choir. The privileges have all been reuted to responsible persons. Hotel, Charles Shekel and J. R. Hinton; Confectionery, Plummer Bros.; Barber Shop, and Luggage, D. A. Cadwallader; Stable, Jack Hendrickson. Omnibuses connecting with boats and trains, under the control of Harbort & Pollitt, will make two trips daily, morning and evening, to and from Maysville; fare 50 cents. Admission 10 cents. Any one too poor to pay will be admitted free. W. H. Dawson of Maysville and others will see that good order is maintained. Any one desiring cottages write to I. M. LANE, Maysville, Ky.

Optician: Louis: Landman,

Of No. 96 West Seventh street, Cincinnati, Ohio, will be at the CENTRAL HOTEL, Maysville, Ky., on WEDNESDAY, THURSDAY and FRIDAY, August 1st, 2nd and 3d.

A thorough knowledge of the anatomy and physiology of the eye, physical, physiological and mechanical optics, and many years of applied practice in what Optician Landman possesses. Having finished lectures for the present course in regular medicine, will now be able to positively fill announced dates in the future. Examination and test of vision FREE. Will call at your residence in the city, if so preferred. Charges for Glasses to suit your eyes and Frames to suit your face very reasonable.
